QUALIFYING RULES AND REGULATIONS

16. Bowlers are to check in at the tournament office 30 minutes prior to their scheduled time for the first **five-game block**.
 17. A player arriving late will begin play and her score will count beginning with the frame then being bowled.
 18. **Qualifying will consist of two five-game blocks; one block each of the first two days of the tournament. If there are 100 or more participants in the first round of qualifying, the top one-fourth (1/4) and all ties after 10 games of qualifying will bowl an additional block of five games to determine who will advance to match play. If less than 100 participate in the first round of qualifying, an additional block of qualifying will not be conducted.**
 19. The qualifying blocks will be held to determine 15 positions for the final field of 16 women who will then participate in match-play competition. If the 2004 defending Senior Queens Champion has entered the tournament, she will be exempt from the qualifying blocks and will be placed in one of the 16 spots. The defending champion will be permitted to pace during the qualifying blocks, however, she must pace for all of the qualifying blocks.
 20. In the qualifying block, if the final position needed to complete the field of 16 or alternate qualifier should result in a tie, one complete game shall immediately be bowled. The contestants will draw for the starting lane, and the contestant on the odd lane will start the roll-off. Contestants shall be allowed two practice deliveries on each of the starting lanes. In case of a tie, failure of any contestant to be immediately available in the bowling center will constitute a forfeiture.
 21. If a tie still exists at the end of the game a complete 9th and 10th frame shall be bowled. The frame will be bowled on the same lane on which each contestant finished the game. Contestant on the odd lane will start first. If a tie still exists, bowlers will change lanes and bowl another complete 9th and 10th frames. (This procedure will be followed until a tie is broken.)
 22. In the event of a tie for any other position, the player with the high five-game qualifying series will be placed in the higher position. Should a tie still exist, the high single qualifying game will be used. If necessary, the second high qualifying game will be used, and so on down until the tie is broken.
26. Match Play is based on a double elimination. The double-elimination method of competition requires a player to lose twice before being eliminated. All players start in the WINNERS' BRACKET. After losing one match the player enters the CONTENDERS' BRACKET.
 27. Only one contestant will be assigned to a lane in the three-game block of match play competition. The order of bowling will be according to match-game procedure with a bowler on the odd lane starting first.
 28. Contestants start the first game of the series on the lane assigned. Succeeding games will be started on the lane where the 10th frame of the preceding game was bowled.
 29. After the first block of match play, NO REPLACEMENTS WILL BE PERMITTED. A player arriving late shall begin play and her score shall count beginning with the frame then being bowled. Failure to appear, regardless of cause, will constitute forfeiture of the match and the contestant will bowl her games without opposition to advance to the succeeding round. A pacer, if available, will be allowed.
 30. If the forfeiture occurs in the WINNERS' BRACKET, the absent contestant automatically goes into the proper position in the CONTENDERS' BRACKET.
 31. If a match ends in a tie during the match game, double elimination portion of the tournament, a complete game will be bowled on the same pair of lanes to break the tie, with each contestant starting on the lane where she finished the match. The bowler on the odd lane will start the roll-off. If a tie still exists after the game, a complete 9th and 10th frame will be bowled. The 9th frame will be bowled on the same lane on which each contestant finished the last game, and the 10th frame on the other lane. If a tie still exists, another complete 9th and 10th frame will be bowled, with each contestant starting where she finished the previous 10th frame. The contestant on the odd lane will start first. This procedure will be followed until the tie is broken.
 32. If a bowler is disabled during the match, she will receive a zero for all missed frames.

MATCH PLAY RULES

23. After the first two days of qualifying, the pairings for the initial round of 8 matches will be according to a prearranged format displayed at the tournament site. Match play competition in the Senior Queens begins on Monday, May 16. On succeeding days of the tournament, day and evening matches will be scheduled.
 24. If a contestant fails to check in prior to the scheduled first round, the alternates, in their order, will be given the opportunity to replace her. Any player so removed will become the alternate.
 25. Each match-play block will consist of three games and total pins shall determine the winner.
33. **FINALS FORMAT**-In the three game finals, the undefeated player of the WINNERS' BRACKET will be matched against the winner of the CONTENDERS' BRACKET, whose record will show one loss. If the player from the WINNERS' BRACKET wins the first match, she will become the champion. A victory for the player from the CONTENDERS' BRACKET will tie the two finalists at one loss each and require them to bowl a second match of three games on the same pair of lanes for the Senior Queens Championship.
 34. If there is television coverage, tournament management may establish the finals format that will be compatible for TV coverage to determine the champion. That format will then be used to determine the champion. All participants will know prior to the start of qualifying which finals format will be used.
 35. **Tournament management has the authority to make decisions regarding any rules not covered in this document.**
